

Partnership Strategic Assessment Evidence Base Summary Oadby & Wigston Borough 2008/09

VI.0 First Draft

This matrix has been put together using the 'Leicestershire Community Safety Partnership Strategic Assessment Evidence Base 2009' along with the Oadby & Wigston Borough crime reduction dashboard 2009/10 (August 2009). Reference to the relevant reports can be found in the left hand column of the matrix.

Issue	Is the issue bigger in Oadby and Wigston Borough compared to other problems?	Is the issue deteriorating in Oadby and Wigston Borough?	Is the issue bigger in Oadby and Wigston Borough compared to other areas?	Is the issue bigger in some communities within Oadby and Wigston Borough compared to others?	Community engagement indicates that this is a real concern within Oadby and Wigston Borough?	Who is most affected in Oadby and Wigston Borough?
<p>Total Crime</p> <p>Report: Crime & Disorder Victimisation Community Safety Perceptions</p>	<p>-</p>	<p>The level of total recorded crime in Oadby and Wigston has remained stable in 2008/09 compared to the previous year with only a 1% decrease.</p> <p>Compared to Leicestershire The trend in total recorded crime in Oadby and Wigston Borough follows the same trend as the rest of the County with no change from either last year or the average of the previous five years</p> <p>The total number of recorded offences in Oadby and Wigston Borough in the first five months of 2009/10 is slighter higher than in the previous year to date.</p>	<p>Oadby and Wigston Borough has a total crime rate per 1,000 population below the level of the County as a whole, but is considerably lower compared to both the Force area and nationally.</p> <p>Compared to similar areas Oadby & Wigston has a total crime rate in the top (best) 25% of all similar areas within its group.</p>	<p>There is only 1 area out of the 11 areas of the county with a significantly high volume of crime within Oadby and Wigston Borough (Guthlaxton College & Wigston Police Station).</p> <p>Other areas to consider include Oadby Stoughton Drive South that has seen a significant increase in total crime since last year. This may be associated with an increase in other acquisitive crime around the student halls of residence.</p>	<p>Nearly a quarter (23%) of Oadby and Wigston respondents are to some degree dissatisfied with the current level of crime in their area. These individuals have been segmented according to whether they prioritise crime as important or not:</p> <p>Crime is a priority and needs improving accounts for 13% of Oadby and Wigston respondents. These respondents are more likely to have been subjected to ASB, be poorly informed, live in areas of low social capital, feel vulnerable and have a wish to protect their own personal investments.</p> <p>Crime is not a priority but needs improving accounts for 10% of Oadby and Wigston respondents. These respondents are more likely to have been subjected to ASB, live in areas of low social capital, feel vulnerable and live in high crime areas. They are also more likely to suffer from poor health and / or unemployment and rent rather than own their home. Therefore there is a sense that these individuals do not prioritise crime because they have more personal and urgent issues to deal with.</p>	<p>The profile of police recorded Total Crime victims, regardless of the district in which they are resident, are more likely to have the following characteristics:</p> <p>Male. Males account for 50% of the County population but 56% of known victims.</p> <p>Aged between 18 to 44. Residents aged between 18 and 44 constitute 38% of the county population, yet 57% of known victims.</p> <p>Living in OAC Typical Traits. Residents in Typical Trait areas comprise 18% of the county population yet 25% of known victims.</p> <p>Living in OAC Blue Collar. Residents of Blue Collar Communities account for 12% of the county population yet 16% of known victims.</p> <p>Living in OAC Constrained by Circumstances. Residents of Constrained by Circumstances communities represent 4% of the county population yet 8% of victims.</p> <p>Living in OAC City Living. Residents of City Living make up just 1% of the county population, they account for 4% of victims.</p> <p>Living in OAC Multicultural. Residents living in Multicultural areas only account for 1% of the county population, but they constitute 5% of known victims.</p>

Issue	Is the issue bigger in Oadby and Wigston Borough compared to other problems?	Is the issue deteriorating in Oadby and Wigston Borough?	Is the issue bigger in Oadby and Wigston Borough compared to other areas?	Is the issue bigger in some communities within Oadby and Wigston Borough compared to others?	Community engagement indicates that this is a real concern within Oadby and Wigston Borough?	Who is most affected in Oadby and Wigston Borough?
<p>Criminal Damage</p> <p>Report:</p> <ul style="list-style-type: none"> • Crime & Disorder • Victimisation • Community Safety Perceptions 	<p>Criminal damage offences account for 21% of total recorded offences across Oadby and Wigston Borough in 2008/09.</p> <p>However, compared to other districts in the county, Oadby and Wigston Borough has a similar proportion of criminal damage offences.</p>	<p>The number of criminal damage offences in Oadby and Wigston Borough has decreased by 20% compared to last year.</p> <p>Compared to Leicestershire</p> <p>The number of criminal damage offences in Oadby and Wigston Borough is at a similar level compared to last year and the five year average.</p> <p>The number of recorded criminal damage offences in Oadby and Wigston Borough in the first five months of 2009/10 is slightly above the level of the previous year to date.</p>	<p>Oadby and Wigston Borough has a criminal damage rate per 1,000 population that is slightly below that of the county as a whole.</p> <p>Oadby and Wigston Borough has a criminal damage rate in the top (best) 25% of all similar areas within its group.</p>	<p>There is 1 area out of the 18 areas within the county with a significantly high volume of criminal damage, within Oadby and Wigston Borough (Guthlaxton College & Wigston Police Station).</p> <p>This area has, however, seen a significant reduction in criminal damage offences in 2008/09 compared to the average of the previous five years.</p>	<p>Nearly a third (30%) of Oadby and Wigston respondents believe that Vandalism and graffiti is a very or fairly big problem in their local area, and therefore ranks in importance 3 of 7 anti-social strands that contribute to NI 17 'Percentage who think that anti-social behaviour is a problem in their local area'. When compared to the other anti-social strands it is considered more of a problem than average</p>	<p>Males are much more likely to be a victim of both Total crime and criminal damage.</p> <p>Residents aged 30 to 44 are more likely to be a victim of Total crime and even more likely to be a victim of criminal damage than would be expected.</p> <p>The proportion of victims aged 45 to 59 are as expected given the population age spread. However, when compared to other crime types there are more criminal damage victims of this age group than would be expected.</p> <p>Although there are fewer crime victims aged over 60 than would be expected, comparably more of them are criminal damage victims.</p> <p>Criminal damage victimisation aligns well with the general pattern of Total crime by OAC. However, both Blue Collar Communities and Typical Traits areas tend to experience a greater degree of criminal damage.</p> <p>Residents living in OAC Countryside tend to be even less likely to become a victim of criminal damage than would be expected.</p>
<p>Anti-social behaviour</p> <p>Report:</p> <ul style="list-style-type: none"> • Crime & Disorder • Victimisation • Community Safety Perceptions 	<p>The number of anti-social behaviour incidents reported to the police in 2008/09 (2,512) equates to approximately three-quarters of the volume of all recorded crime in the same time period in Oadby and Wigston Borough (3,297).</p>	<p>The number of anti-social behaviour incidents in Oadby and Wigston Borough seen a substantial increase (10%) since last year.</p> <p>Compared to Leicestershire</p> <p>The number of anti-social behaviour incidents in Oadby and Wigston Borough is significantly high this year compared to last year and the average of the previous two years.</p> <p>Within the first five months of 2009/10 the number of ASB incidents in Oadby and Wigston Borough is lower compared to the previous year to date.</p>	<p>Comparable data is not currently available.</p>	<p>2 out of the 18 areas within the county which have a significantly high number of ASB incidents are within Oadby and Wigston Borough: Guthlaxton College & Wigston Police Station and Wigston Centre.</p> <p>Both of these areas have a significantly high number of ASB incidents in 2008/09 compared to last year and the average of the two previous years.</p>	<p>Generally, perceptions of anti-social behaviour in Leicestershire are not a problem when compared Nationally and to the East Midlands, as well as the majority of other local authorities in England (rank 11 of 27 counties nationwide, best to worse).</p> <p>Within the County, Oadby and Wigston ranks 4 of 7 districts (best to worse) for NI 17 'Percentage who think that anti-social behaviour is a problem in their local area'.</p> <p>Of the seven ASB strands that constitute NI 17 respondents in Oadby and Wigston tend to believe that 'Teenagers hanging around', 'Vandalism and graffiti' and 'Rubbish and litter' are more of a problem than average.</p>	<p>Comparable data is not currently available.</p>

Issue	Is the issue bigger in Oadby and Wigston Borough compared to other problems?	Is the issue deteriorating in Oadby and Wigston Borough?	Is the issue bigger in Oadby and Wigston Borough compared to other areas?	Is the issue bigger in some communities within Oadby and Wigston Borough compared to others?	Community engagement indicates that this is a real concern within Oadby and Wigston Borough?	Who is most affected in Oadby and Wigston Borough?
<p>Deliberate Fires</p> <p>Report:</p> <ul style="list-style-type: none"> • Crime & Disorder • Victimisation • Community Safety Perceptions 	<p>The number of deliberate fires recorded within Oadby and Wigston Borough (36) is relatively low in relation to other offences recorded by the police. However, the potential consequences of these incidents do not allow a sensible comparison with other problems.</p>	<p>In 2008/09, a total of 34 deliberate fires were recorded in Oadby and Wigston Borough, compared to 82 in the previous year</p> <p>Compared to Leicestershire</p> <p>The trend in the deliberate fires in the last two years in Oadby and Wigston Borough is similar to the rest of the County.</p>	<p>Comparable data is not currently available.</p>	<p>Only 1 out of the 17 areas within the County which have significantly high numbers of deliberate fires is within Oadby and Wigston Borough: South Wigston Blaby Road & Saffron Road.</p>	<p>-</p>	<p>In relation to the population of Leicestershire victims of Arson are more likely to be:</p> <p>Of BME background Aged 45 to 59 years</p> <p>A more detailed consideration of arson victims reveals both Indian and Irish ethnic groups to be at particular risk.</p>
<p>Violence Against the Person</p> <p>Report:</p> <ul style="list-style-type: none"> • Crime & Disorder • Victimisation • Community Safety Perceptions 	<p>Violence against the person offences account for nearly a quarter of all offences recorded within Oadby and Wigston Borough in 2008/09.</p> <p>Oadby and Wigston Borough has a significantly higher proportion of recorded violence against the person offences compared to other Leicestershire districts.</p>	<p>In 2008/09 the number of violence against the person offences in Oadby and Wigston Borough has increased by 4% compared to the previous year.</p> <p>Compared to Leicestershire</p> <p>The trend in violence against the person offences in Oadby and Wigston Borough follows the same trend as the rest of the County when compared to the previous year and the previous five year average.</p> <p>Within the first five months of 2009/10 the number of violence against the person offences in Oadby and Wigston Borough is higher compared to the previous year to date.</p>	<p>See individual crime types below</p>	<p>Out of the nine areas in Leicestershire with significantly high levels of violence against the person, only one is within Oadby and Wigston Borough: Guthlaxton College & Wigston Police Station.</p> <p>The volume of violence against the person offences in this area is similar in 2008/09 compared to the previous year, but is significantly lower compared to the five year average.</p>	<p>-</p>	<p>Males are much more likely to be a victim of both Total crime and Violence Against the Person, albeit to a lesser extent.</p> <p>The under 18's are generally much less likely than expected to be a victim of crime; however they are particularly vulnerable of Violence Against the Person victimisation.</p> <p>The 18 to 29s are an over represented age group within the general victim population, accounting for a quarter of all victims yet only 15% of the county population. In relation to Violence Against the Person this disparity is increased further, as the 18 to 29s account for a third of all such victims.</p> <p>The 30 to 44 age group are again an over represented age group within the victim population, with the proportion of Violence Against the Person being as expected.</p> <p>Residents in Blue Collar Communities account for more victims in general but also a much higher proportion of Violence Against the Person than expected.</p> <p>Constrained by Circumstances and Multicultural residents also tend to suffer a higher proportion of Violence Against the Person than expected.</p>

Issue	Is the issue bigger in Oadby and Wigston Borough compared to other problems?	Is the issue deteriorating in Oadby and Wigston Borough?	Is the issue bigger in Oadby and Wigston Borough compared to other areas?	Is the issue bigger in some communities within Oadby and Wigston Borough compared to others?	Community engagement indicates that this is a real concern within Oadby and Wigston Borough?	Who is most affected in Oadby and Wigston Borough?
<p>Serious Violent Crime</p> <p>Report:</p> <ul style="list-style-type: none"> • Crime & Disorder • Victimisation • Community Safety Perceptions 	<p>In terms of volume, the number of recorded serious violent offences within Oadby and Wigston Borough is relatively small, 21 in 2008/09.</p> <p>However, the scale of the problem is under-represented due to the serious nature of these offences, the emotional cost to the individuals and resources required by agencies to deal with them.</p>	<p>Countywide, there was a 6% increase in the number of recorded serious violent crimes between 2007/08 and 2008/09.</p> <p>Compared to Leicestershire The trend in serious violent crime in Oadby and Wigston Borough follows the same trend as the rest of the County when compared to the previous year and the previous five year average.</p> <p>Within the first five months of 2009/10 the number of serious violent crimes in Oadby and Wigston Borough is lower compared to the previous year to date.</p>	<p>Oadby and Wigston Borough has an average serious violent crime rate per 1,000 population compared to similar Local Authorities, and similar to the County overall.</p>	<p>Out of the ten areas with a significantly high volume of serious violent crime in 2008/09, only one falls in Oadby and Wigston Borough: South Wigston Blaby Road & Saffron Road.</p> <p>This area has a significantly higher volume of serious violent crime in 2008/09 compared to the previous year.</p>	<p>-</p>	<p>In relation to the population of Leicestershire victims of Serious Violent Crime are more likely to be:</p> <p>Male Aged 18 to 29 Living in OAC Constrained by Circumstances Living in OAC City Living Living in OAC Multicultural</p> <p>Males account for three-quarters of all Serious Violent Crime victims. Nearly half of Serious Crime victims are aged between 18 and 29 years. If alcohol is not involved then men in either a prison or on public transport are the most likely to be at risk of a serious violent incident.</p>
<p>Assault with less serious injury (AWLSI)</p> <p>Report:</p> <ul style="list-style-type: none"> • Crime & Disorder • Victimisation • Community Safety Perceptions 	<p>Assault with less serious injury accounts for 8% of all offences and 34% of all violence against the person offences within Oadby and Wigston Borough.</p>	<p>In 2008/09 Oadby and Wigston Borough had a 15% decrease in recorded assault with less serious injury compared to the previous year.</p> <p>Compared to Leicestershire The trend in assault with less serious injury in Oadby and Wigston Borough follows the same trend as the rest of the County when compared to the previous year and the previous five year average.</p> <p>The number of assault with less serious injury offences recorded in Oadby and Wigston Borough in the first five months of 2008/09 is above the level of last year.</p>	<p>Oadby and Wigston Borough has an average AWLSI rate per 1,000 population compared to similar Local Authorities.</p> <p>However, in 2008/09 Oadby and Wigston Borough had the lowest ranking in its group of similar Local Authorities of any of the Leicestershire districts.</p>	<p>Out of the nine areas with a significantly high volume of assault with less serious injury offences in 2008/09, only one falls in Oadby and Wigston Borough: Guthlaxton College & Wigston Police Station.</p> <p>This area has a similar volume of assault with less injury compared to the previous year, but has seen a significant reduction compared to the average of the previous five years.</p>	<p>-</p>	<p>In relation to the population of Leicestershire victims of AWLSI are more likely to be:</p> <p>Aged under 18 Aged 18 to 29 Living in OAC Multicultural Living in OAC Constrained by Circumstances Living in OAC Blue Collar Communities Living in OAC City Living</p> <p>The interplay of alcohol, age and whether the incident is domestic or not, acts as the best predictor of the risk of AWLSI. The under 26s are five times more likely than average to become a victim when under the influence of alcohol, whereas, without alcohol, the under 17's are nearly three times more likely than average to be a victim of AWLSI.</p> <p>A domestic incident in general is more likely to result in a victim of AWLSI but with the inclusion of alcohol this likelihood increases to five times the average risk.</p>

Community engagement indicates that this is a real concern within Oadby and Wigston Borough?	Who is most affected in Oadby and Wigston Borough?
<p>Burglary Other</p> <p>Report:</p> <ul style="list-style-type: none"> • Crime & Disorder • Victimisation • Community Safety Perceptions 	<p>Recorded burglary other offences account for 6% of all recorded crime in Oadby and Wigston Borough in 2008/09, approximately one-fifth of other acquisitive offences.</p>	<p>Compared to the previous year there has been a 9% increase in recorded burglary other offences in 2008/09.</p> <p>Compared to Leicestershire</p> <p>The trend in burglary other offences in Oadby and Wigston Borough follows the same trend as the rest of the County when compared to the previous year and the previous five year average.</p> <p>The number of burglary other offences recorded in Oadby and Wigston Borough in the first five months of 2009/10 is more than 25% higher than in the same period in the previous year.</p>	<p>Oadby and Wigston Borough has a burglary other crime rate lower than that of the whole county.</p> <p>Compared to similar areas, Oadby and Wigston Borough is in the top (best) 25% of its similar group and has the lowest rate per 1,000 population of all of the Leicestershire districts.</p>	<p>Oadby and Wigston Borough has no areas in 2008/09 with a significantly high number of burglary other offences.</p>	<p>-</p>	<p>High risk target premises include: Sheds, garages, along with Agricultural outbuildings and barns, and Porto cabins.</p> <p>In relation to the population of Leicestershire victims of Burglary Other are more likely to be:</p> <ul style="list-style-type: none"> Aged 30 to 59 years Living in OAC Multicultural Living in OAC City Living Living in OAC Countryside Living in OAC Constrained by Circumstances <p>Age, occupation and area of residency interplay to provide differentiated risk likelihood. Risk of being a victim of burglary other generally increases with the increased age of the victim.</p> <p>At all ages the risk is substantially increased if the person lives in an OAC Countryside area and holds a Director or Managerial occupation or a skilled occupation.</p>
<p>Domestic Violence</p> <p>Report:</p> <ul style="list-style-type: none"> • Domestic Abuse 	<p>Domestic Abuse crimes account for 8% of all recorded offences within Leicestershire during 2008/09.</p> <p>In Leicestershire, domestic abuse accounts for more than one-quarter of all violence against the person offences. This rises to one-third of all assault with less serious injury offences and more than one-quarter of all serious violent crime</p> <p>The British Crime Survey estimates that only 40% of domestic violence incidents were reported to the police during 2008/09. Based on this proportion, the actual number of domestic violence incidents occurring within Oadby & Wigston Borough during 2008/09 is estimated at 1,725.</p>	<p>The number of domestic abuse incidents reported to the police within Oadby & Wigston Borough has remained stable over the previous six years, with the exception of an increase in 2008/09.</p>	<p>-</p> <p>Comparable data not currently available</p>	<p>Rates of reporting of domestic abuse are considerably lower in rural areas compared to other areas, shown by a much lower rate of reporting in 'Countryside' and 'Prospering Suburb' areas of the county. However, rates of reporting have increased by almost a third in rural areas compared to 2005/06.</p>	<p>-</p>	<p>One in ten of all victims reporting to the police were domestic abuse victims. This rises to one in three victims where the perpetrator is perceived to be under the influence of alcohol.</p> <p>Females who are 'unemployed' or 'stay at home to look after the family' are more likely to be a victim of domestic abuse compared to other victims. The likelihood of this varies depending on whether alcohol is a contributing factor to the incident.</p> <p>Victims of reported domestic violence incidents are significantly less likely to be from a BME group rather than White-British and are more likely to be aged 41 or less, particularly in their twenties.</p> <p>Victims of reported domestic violence incidents are more likely to live in 'blue collar' communities, and less likely to live in the OAC clusters 'Countryside' and 'Prospering Suburbs'.</p>

<p>Alcohol</p> <p>Report:</p> <ul style="list-style-type: none"> • Drugs and Alcohol 	<p>8% of all recorded offences within Leicestershire were committed under the influence of alcohol during 2008/09. This proportion rises to over one quarter of all violence against the person offences and one-third of serious violent crimes.</p> <p>Compared to all other victims, victims of reported domestic abuse in Leicestershire are more likely to be victim to a perpetrator under the influence of alcohol 29% compared to 5%.</p>	<p>-</p>	<p>Leicestershire has an average rate of hospital admissions for alcohol related harm, compared to similar local authorities.</p> <p>The rates of recorded crime and violent crime attributable to alcohol for Leicestershire are below both the regional and national rate.</p> <p>The prevalence of binge drinkers in Oadby & Wigston Borough is consistent with the average for the East Midlands</p>	<p>-</p>	<p>Based on the overall results of the 2008 Place Survey, 21% of respondents believe that 'people being drunk or rowdy' was a problem in their local area.</p> <p>Based on the CRAVE Survey, the overall perception of drunk and rowdy behaviour has recorded a reduction month on month during 2009, with all areas improving.</p> <p>CRAVE respondents consistently ranked the problem of people being drunk or rowdy in a public place below that of the other categories surveyed, such as speeding vehicles, vandalism and anti-social behaviour.</p> <p>Pupil respondents in Leicestershire are more likely to have had an alcoholic drink and to have been drunk than pupil respondents nationally. However, a similar proportion of respondents locally feel that the information and advice on alcohol is good enough, compared to national response rates.</p>	<p>Based on the estimated demand there are serious shortfalls in the capacity of specialist alcohol treatment services within Leicestershire.</p> <p>40% of all offenders (probation) in Leicestershire have a high risk of reoffending, due to alcohol misuse. Alcohol misuse is ranked the second biggest offender need, after offending information.</p> <p>Alcohol is more of an influence in the offending behaviour of men than of women with little difference across age groups. A much higher proportion of offending (linked to alcohol) was recorded amongst white offenders than for any other ethnic group.</p>
