

Hate Incident Monitoring Project Report - Project Overview

The Leicestershire Multi-Agency Hate Incident Reduction and Monitoring Steering Group works in partnership with key agencies to achieve two key aims across the County:

- Raising awareness of hate incidents
- Increasing reporting of hate incidents

These dashboards are a record of the data received by the Hate Incident Monitoring Project and Police. For further information please contact the project on 0116 3058263.

Key points for reading the new interactive dashboards:

It is best to view the interactive dashboard on-line in order to get a full picture of the data provided for the given quarter.

HIMP DASHBOARD PAGE 1

- Figures provided within the dashboards are rolling figures for 12 months. This dashboard shows Quarter four figures which roll from July 2015 to June 2016.
- The category column top left hand corner, provides various options. These are as follows:
 - All hate incidents & offences (crimes and non crimes) = everything
 - All hate Incidents (HIMP & Police)
 - Hate incidents reported via HIMP
 - Hate incidents reported via Police
 - All hate offences (Police)
 - Hate offence - violence against the person
 - Hate offence - criminal damage
 - Hate offence - other offence
- The table to the far left provides the total number of incidents per district
- The line chart in the middle identifies peaks across a two year span.
- The Bar chart to the right shows all hate incidents split by type (%of total).

NB: when figures are very low, peaks on the charts can be misleading. Therefore it's always best to get an actual number to ascertain an accurate picture.

HIMP DASHBOARD PAGE 2

(Rolling 12 months till June 2016)

This dashboard shows All hate incidents (*police offences and incidents and HIMP*) as a rate per 1000 population at Lower Super Output Area (LSOA).

- Hover over the map to see the incident rate and name of LSOA.
- Click an area on the map and the relevant bar will be highlighted in the chart to the right.
- Click a bar on the chart and the relevant area will be highlighted on the map.
- The bar chart top right shows the incident rate at district level for comparison.
